SECTION 3 – SERVICE DESCRIPTIONS, Cont'd**3.30 Digital Phone State Unlimited Service**

Digital Phone State Unlimited is a non-distance sensitive product that includes direct dial 1+ outbound Intrastate service. Pre-subscription of the primary line to Frontier Communications of America, Inc. (FCA) is required to subscribe to Frontier. This plan is available to customers of local exchange companies (LEC) with whom the carrier has a billing and collections contract. The Customer must subscribe to the Digital Phone State Unlimited local service product offered by that associated LEC and must be on the main billing number on the account in order to be eligible for the Digital Phone State Unlimited option.

3.30.1 Rates and Charges

Digital Phone State Unlimited calls are non-distance sensitive, flat-rated with the following rating periods:

<u>Monday – Friday</u>		<u>Saturday & Sunday</u>
E= Evening	12:00 AM - 7:59AM	N = Night 12:00AM Saturday through 11:59 PM on Sunday.
D= Day	8:00 AM - 4:59PM	
E= Evening	5:00 PM - 11:59PM	

3.30.2 Usage Charges

With the Digital Phone State Unlimited option, unlimited intrastate usage is available only on the main billing number on the account. All calls that do not qualify for unlimited calling are billed in one-minute increments with a minimum billing of one minute per call. Interstate 1+ calls will be rated on a per call basis, and are not part of the unlimited calling option. Only one Frontier plan is to be on the account for all lines. This product is available for residential voice service only. The unlimited minutes of long distance service do not include usage for calls to 900 numbers, long distance directory assistance, or operator services.

The Digital Phone State Unlimited Service is offered to the residential user, for the Customer's personal, residential, non-business and non-professional use. Using the Digital Phone State Unlimited service is prohibited for any commercial or governmental activities, for profit or non-profit, including but not limited to home office, business, sales, telecommuting, telemarketing, continuous autodialing, fax broadcast, fax blasting, accessing the Internet with a long distance dial-up number, resale or transfer of the Digital Phone State Unlimited service or any other activity that would be inconsistent with normal residential voice applications and usage patterns, including conference calls. Average residential Customer use will be determined by Frontier based on average minutes of use of the Plan by representative residential Customers served by Frontier who subscribe to the Plan. If a Customer has substantially more than average residential Customer use, Frontier may regard such use as non-residential use subject to the remedies set forth following.

3.30.2 Usage Charges Cont'd

Frontier may suspend, restrict or cancel the Customer's service, subject to applicable notice requirements. If it is determined that the usage on the Digital Phone State Unlimited is not consistent with residential voice applications, substantially exceeds average residential use, or is otherwise prohibited (such as long distance dial-up Internet calls), Frontier may immediately convert the service to an FCA plan that charges for all long distance calls or, where systems permit, charge a 10-cent per minute rate for non-voice long distance calls, or calls that are not considered normal residential voice usage. Additional restrictions may apply.

On the invoice there will be no individual call detail for usage that is associated with the unlimited direct dialed calls that are included in this plan. If the customer changes their long distance pre-subscription on their main line without any instruction as to what to do regarding the additional phone lines, the Digital Phone State Unlimited plan option will automatically be removed from the main line and thus the customers account. Note: To maintain the account for the customer, the remaining lines will be placed onto Frontier One or Simple Rate calling plan depending on the associated LEC.

Additional phone lines are available on this plan. Each additional line will be billed a per-minute domestic rate defined in this tariff. All calls are billed in one-minute increments with a minimum billing

of one minute per call. If a customer subsequently does not pre-subscribe their additional line(s) to FCA but continues to have service on the main billing number on the account provided by FCA, casual calling rates on the additional line(s) will apply.

Calling Cards and 8xx inbound products may be used in conjunction with Digital Phone State Unlimited, where available.
